

**Prof. Dr. Anatoliy Abramovich Kunin**

Director of Dentistry Institute  
Revolution pr. 14  
Voronezh 394000 Russia  
Phone/Fax: (4732) 55-09-03  
email : kunin@vmail.ru

Anatoliy Abramovich Kunin is Doctor of Medical Sciences, Professor, the Director of Dentistry Institute, the Head of the Therapeutic Dentistry Department of Voronezh N.N. Burdenko State Medical Academy, a full member of Russian Laser Medical Academy. Prof. Kunin is an author of more than 400 scientific publications, a full member of the International Academy of Authors of Scientific Inventions and Discoveries (author of 18 patents), a member of Russian Laser Academy of Sciences, a member of International Academy of Dentistry. He is awarded by a Medal "Excellent in Dentistry" of the 1st degree, the order "For special services to stomatology" of the 1st degree. He was awarded the diploma of Ministry of health of the RUSSIAN federation for the big contribution to the development of Dentistry.

The Voronezh school of therapeutic dentistry is recognized both in Russia and abroad and it is composed of two areas of focus: pedagogical and scientific. Concerning the pedagogical area, it is working out the modern technique of therapeutic dentistry teaching; the scientific area is based on the scientific practical works of A.A. Kunin.

The scientific work of A.A. Kunin includes a wide range of issues concerning the organization of dental care, diagnostics, treatment and prevention of diseases of teeth, periodontium and oral mucosa, laser dentistry, metabolism and the structure of hard tooth tissues of human beings and animals. Professor A.A. Kunin has published 452 printed works (3 monographies, 28 manuals); 82 works have been published abroad. 34 scientific conferences (10 international, 6 federal and 18 local) have been organized and held with the direct involvement of A.A. Kunin. Thanks to A.A. Kunin's efforts in 2002 for the first time in Russia the Center of Individual Prevention of Caries and the International League of Individual Prevention of Caries were opened basing at VSMA

Dentistry Clinic with joint participation of the scientists from Germany, Austria, Switzerland and other countries. Professor A.A. Kunin and his team have been occupied with the issues of the individual prevention of caries since 1995; concerning this subject 8 theses have been defended, the students' scientific works are conducted under the supervision of the Head of the Department and the assistant professors.

Such companies as "DRC" (Russia – Switzerland), "Oral-B", "Gillette Group", "Colgate", "Wrigley" take an active part in the work of the International League of Individual Prevention of Caries, in working out and realization of the programs of prevention of caries and periodontium diseases, in which A.A. Kunin is the main coordinator.

He devotes much time and attention to training scientific manpower for dentistry. 3 theses for Doctor's degree and 38 theses for PhD degree have been completed and defended under his supervision.

Being appreciated as a highly qualified professional and authoritative scholar, professor A.A. Kunin was elected a member of the Academic Council of Voronezh N.N. Burdenko State Medical Academy, the vice-president of Voronezh Regional Association of Dentists, co-director of the International Institute of Dentistry in Mainz (Germany), a member of the International Laser Society of Dentists SPIE, a member of the Academic Council of the Dentistry Faculty, a member of the Dissertation Council of Voronezh N.N. Burdenko State Medical Academy (code D. 208.009.01), member of the Central Methodical Council of the Academy, a member of the State Certification Committee of the Dentistry Faculty, the Chairman of the Problem commission, member of the Dental Association of the Voronezh region, member of the Expert council of the dental clinic of VSMA.

A.A. Kunin is a member of the editorial staff of the clinical magazine "Maestro of Dentistry" and the Romanian dental journal; he has been awarded the honorary diploma in the category "Therapeutic Dentistry" as an evidence of the recognition of his high workmanship. Since 2005 Anatoliy Abramovich is a Chief Editor of "Dentistry Institute Bulletin".

Professor A.A. Kunin is a member of the Subject Council of Dentistry at the Russian Federation Ministry of Health. In 1999 and 2002 he was awarded the medals "Expert of Dentistry" of the 1<sup>st</sup> level, in 2001 he was awarded the Order of Special Merit in Dentistry of the 1<sup>st</sup> level. Professor A.A. Kunin has 12 agreements on scientific cooperation with international institutions, such as J. Gutenberg University (Mainz, Germany), Cukurova University (Adana, Turkey), the Academy of Innovation Techniques in Dentistry (Alzey, Germany), the International Forum for Implantology and Esthetic Dentistry (Mainz,

Germany) and others. In 2003 Voronezh N.N. Burdenko State Medical Academy / Therapeutic Dentistry Department received the grant of the European Commission in "Quality Management in Dentistry".

In march 2011, the scientific and pedagogical collective of the Department of Therapeutic Dentistry of VSMA named after N.N. Burdenko awarded the diploma "Golden Chair of Russia" according to the decision of the Presidium of the Russian Academy of Natural sciences.

In 2006, professor Kunin A.A. awarded the national award "Recognition" for the professorial-teaching staff of the Dental faculties of Russia.
