Medical Acupuncture Association, Member of Traditional Chinese Medicine Inheritance  
and Education Committee of World Federation of Acupuncture-Moxibustion Societies,  
Vice President of International Expert Committee on Acupuncture Methods and Classic  
Prescriptions of Chinese Medicine Association, Executive Committee member of World  
Traditional Medicine Forum.

Over the years, he has devoted himself to learning and sorting out the academic thoughts and clinical experience of Wei Fengpo, and has completely inherited the essence of Wei's acupuncture and moxibustion, and edited and published "Wei Fengpo's Clinical Essentials of Acupuncture and Moxibustion." At the same time, he participated in the compilation of the representative masterpiece of Cheng Acuology "Cheng Dan An Yi

Ji." In 2017, he was recommended by the World Federation of Acupuncture and Moxibustion to apply for "One Hundred Characteristic Techniques" of Chinese Medicine for overseas Chinese. In 2018, he participated in the WFAS "One Belt and one Road" TCM Acupuncture and Moxibustion Tour in Cambridge University, UK, and demonstrated the technique of "the clinical manipulation inserting needles and generating Qi simultaneously in both acupoints."

In 2021, he edited book of "The 120th anniversary of Mr. Cheng Dan An" and published in the EPMA Journal" about suboptimal health ". In 2022, he instructed his students to publish a paper on acupuncture and moxibustion in the treatment of primary dysmenorrhea in the journal of "Complementary Therapies Medicine."
